

How can something
this simple...

**IMPORTANT NOTICE
TO HOMEOWNERS**

Your home has been especially plumbed
for a **North Star** water softener.

North Star water conditioners and
professional installation are available
through the plumbing firm that did the
plumbing for your new home.

Call us today for special pricing
reserved for homeowners having a
home plumbed by our firm.

Start protecting your new home's
pipes and water-using appliances
today plus enjoying all the other
benefits of soft water.
Filters and drinking water systems
also available.

...benefit your
customers and
increase profits?

The answer is perfectly clear.

*Preplumb your homes with a North Star bypass valve
– provided at NO COST* to you – and watch the profits flow.*

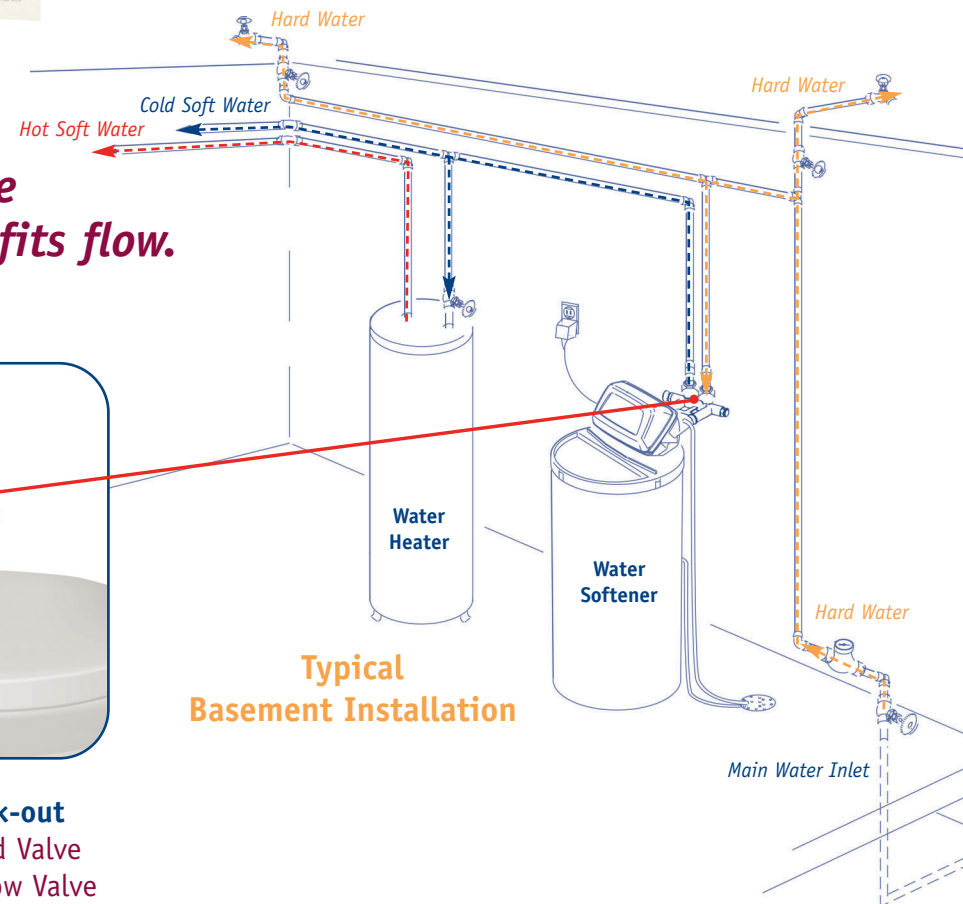

*Except shipping charges.

What does completing the
plumbing loop with a North Star
bypass do for you?

-  Creates awareness and encourages the homebuyer to purchase a softener.
-  Allows for quick and easy North Star softener installation without disrupting the water supply.
