

North Star®

WATER CONDITIONING

CENTRAL WATER FILTRATION SYSTEM

7306732

BENEFITS

- Better water for food preparation and cooking
- Cleaner, softer hair and skin
- Great tasting water from every tap in your home
- NO bottles or filters to throw away
- Reduces chlorine's effect on hair and skin

FEATURES

- Filtered water throughout your entire home
- Automatically cleans itself
- NO filters to replace and no maintenance
- Delivers bottled water quality water without sacrificing household water pressure
- Fraction of the cost of bottled water
- Reduces pharmaceuticals and these contaminants:
 - chlorine taste & odour
 - sediment

Warranty: 1 year complete, 3 years electronics, 10 years on tank

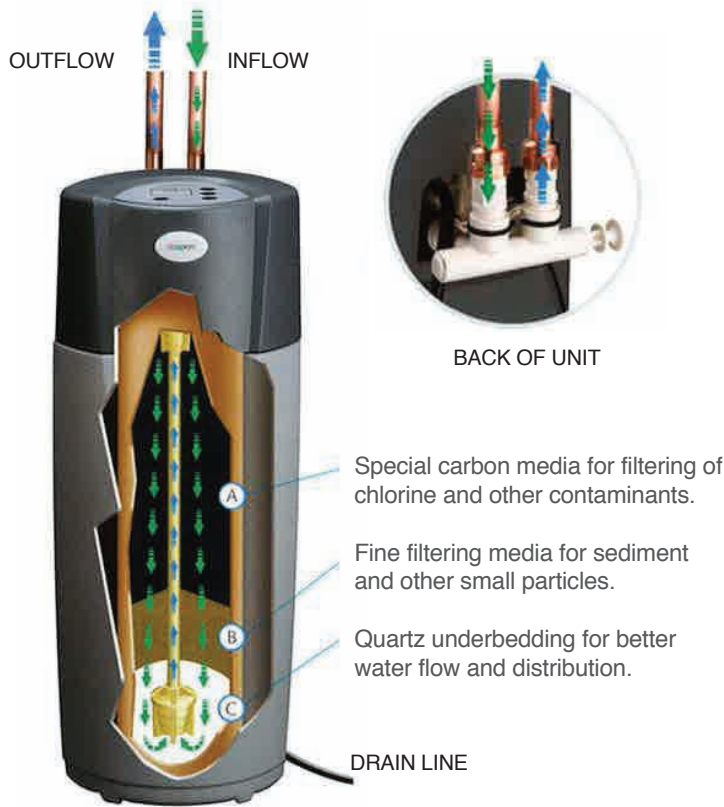

SPECIFICATIONS

MODEL NS-EPCWS

Rated Service Flow Rate		6.0 gpm
Pressure Drop at Rated Service Flow		10 psig*
Pressure Drop Rate at 9.6 gpm		15 psig*
Water Pressure Limits (minimum/maximum)		30 - 125 psi
Water Temperature Limits (minimum/maximum)		40 - 120°F
Drain Flow Rate		3.4 gpm
Rated Capacity at Chlorine Concentration ** of	0.50 ppm	2,280,000 gal. *
	0.75 ppm	1,520,000 gal. *
	1.0 ppm	1,140,000 gal. *
	1.5 ppm	760,000 gal. *
	2.0 ppm	570,000 gal. *
Sediment Removal with 30 - 40 micron particle size		95% or more
Sediment Removal with 40 - 50 micron particle size		99% or more

*From independent laboratory test data

** Typical residential chlorine concentration is 0.5 to 1.0 ppm

**FEATURES OF ecopure®
CENTRAL WATER FILTRATION SYSTEM**

- Filtered water throughout your entire home
- Automatically cleans itself
- NO filters to replace and no maintenance
- Delivers bottled water quality water without sacrificing household water pressure
- Fraction of the cost of bottled water
- Reduces these contaminants:

CHLORINE TASTE & ODOUR

Chlorine taste & odour is a common contaminant in municipal water supplies. It affects the taste and odour of your water and can also dry out skin and damage hair.

EPCWS System tested and certified by NSF International NSF / ANSI Standard 42 for material safety and structural integrity requirements only. Filter screen is tested and certified by NSF International against NSF / ANSI standard for material safety only.
